# **Warren Michigan all Veterans** as of 2017

This is all known Warren area veterans which includes Center Line as of early 2026 from what records I can see. There may be a few recent veterans who have just finished their enlistment that I have no way of knowing about. Send additions or corrections to professorwesarnold@gmail.com Also be aware there are unknown heroes who have not been recorded or want to remain anomymous I know of at least two who asked me to leave them out of any public books. They are true heroes but I will honor their request. Also there may be others we don't know about. If there is a known story about any of these below I have put them in the Warren Michigan area Whos Who.

The Warren historical researcher having done over 50 years of historical research noted that there have existed through the years disresectful mutants using a Curtus Sliwa term. He was the great man who founded the Guardian Angels who protected citizens. These low lifes have removed stones and flowers from graves in our cemeteries. Some of these stones were veterans gravestones, memorials or identification bricks placed when a stone was gone or too worn to read. Two of these low life were even former members of the Warren Historical Society sad to say. This problem is not unique to Warren as other communities have had stones and flowers ripped off of graves. However the historian has heard that there may be a curse on those who steal from graves. We veterans who have had brothers die terrible deaths in service of securing our freedoms welcome the grim reaper avenging the evil deeds of graverobbers. Or hopefully there may be a judgement day when justice is delt out.

Pictures of their stones are in the listed cemetary

From birth date, as indicated by his cemetery headstone, he would have actually been about 52 or so when enlisting. In addition the 1960 federal census lists him as being born about 1808 and lists his age as 52. D Jan 20, 1888.
